Summary

Inventory and warehouse lead with ten years in greenhouse and food distribution operations. Known for accurate counts, calm shifts and training people who stay.

Experience

Inventory Lead, Greenhouse Grower Co. (Mar 2019 – Present)

- Reduced picking errors by 34% over seven months by introducing weekly cycle counts.
- Managed a WMS across two sites and trained the receiving team on RF scanners.
- Coordinated inbound produce deliveries with 14 carriers during peak season.
- Led daily safety huddles and kept the site incident-free for two consecutive years.

Warehouse Associate, Essex 3PL (Jun 2015 – Feb 2019)

- Picked and packed orders for grocery accounts.
- Ran cycle counts and reconciled variances in the inventory system.
- Operated a forklift and reach truck.
